

Mulpleta Assist

What is *Mulpleta Assist*?

Mulpleta Assist is a support program designed to help you get started on Mulpleta. First, your healthcare provider will send the Mulpleta Prescription Enrollment Form to *Mulpleta Assist*. Then, a dedicated support team will review insurance benefits, determine if you qualify for financial assistance, and arrange delivery of Mulpleta directly to you.

How it works:

1. You and your healthcare provider will complete the Mulpleta Prescription Enrollment Form. Then, your healthcare provider will send the completed form to *Mulpleta Assist*.
2. *Mulpleta Assist* will review your insurance coverage and look for financial support. Many patients can receive Mulpleta at no out-of-pocket cost.
3. Your Mulpleta Assistant will call to let you know the form was received and to verify your shipping address. Your Mulpleta Assistant will also confirm your procedure date and the date your healthcare provider advised you to start taking Mulpleta. This will help to ensure that Mulpleta is delivered to you on time.
4. It is important that you start taking Mulpleta on the date that your healthcare provider advised, not necessarily on the day that you receive it. After Mulpleta is shipped, a Mulpleta Assistant will call to remind you when to start taking Mulpleta.

Your Mulpleta Assistant needs to speak with you before shipping Mulpleta. If you miss a call from *Mulpleta Assist*, it is important to call back as soon as possible to prevent any delays in your delivery: **1-866-556-2451**
